

# NABHO

NATIONAL ASSOCIATION OF BEACH HUT OWNERS

## MISSION STATEMENT

The mission of the national association of beach hut owners is to provide a forum through which councils who control the provision of facilities for beach hut ownership and the individuals who own the huts can discuss any issues, be they local and national, involving beach huts. Further, the association will provide guidance and advice on all aspects of beach hut ownership, including such issues as, for example, insurance, legal problems and maintenance. We also undertake to foster a greater understanding of the duty of care to our environment and coastal heritage. And, finally, the association will seek to offer to such owners and letters of beach huts as may be interested, ideas which may suggest ways to maximise the pleasures of beach hut ownership.

NABHO AND ALL ANCILLARY PRODUCTS AND SERVICES ARE COPYRIGHT OF THE NATIONAL ASSOCIATION OF BEACH HUT OWNERS.
